

SAFETY DATA SHEET

BENARX A Removable acoustic insulation steel box 50/100

Revision date: 27.08.2008

1. IDENTIFICATION OF THE PRODUCT AND COMPANY

Product name BENARX A Removable acoustic insulation steel box 50/100
Revision date 27.08.2008
Company D&F Group AS
PO.Box 273, Slåtthaug
5851 Bergen
Telefon: +47 55 52 66 00 Fax: +47 55 52 66 01
Country NORWAY
Internet www.dfgroup.com
E-mail benarx@dfgroup.no
Emergency nr Giftinfo: 22591300
Application Ref. Product data sheet.
Author Sensor Chemcontrol AS

2. HAZARD IDENTIFICATION

Risk description Considered not to be classified as dangerous.
For further information, see section 9 and 11.

3. COMPOSITION

Ingredients	EC-nr.	CAS-nr.	Weight-%	Class.	R-phrases
Mineral wool		287922-11-6			
Polysiloxanes					
Methyltrimethoxysilane		214-685-0			

Explanation R-phrases with full text is found in section 16. Tx=Very Toxic, T=Toxic, C=Corrosive, Xn=Harmful, Xi=Irritating, IK=No classification required, E=Explosive, O=Oxidizing, Fx=Extremely flammable, F=Highly flammable, N=Dangerous for the environment.

4. FIRST AID MEASURES

Additional information The first aid measures are given with regard to exposure to dust from mechanical work on the product.

Inhalation Fresh air and rest if exposed to dust. Rinse mouth and nose with water.

Skin contact Wash the skin with soap and water.

Eye contact Rinse immediately with water for at least 15 minutes (hold eyelids wide apart, remove contact lenses).

Continued from last page

Revision date: 27.08.2008

Ingestion Rinse the mouth with water and drink a couple of glasses of water afterwards.

5. PROTECTION AGAINST FIRE AND EXPLOSION

Fire/explosion risks Not flammable.

6. PROCEDURE IN CASE OF ACCIDENTAL RELEASE

Additional information The product is a solid encapsulated in a steel box. Accidental release is not likely.

7. HANDLING AND STORAGE

Handling No special precautions.

Storage No special precautions.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Ingredients	EC-nr.	CAS-nr.	8 hour		Short		Type	Note	Year
			mg/m ³	ppm	mg/m ³	ppm			
Respirable dust*			5						2007
Total dust*			10						2007

OAR remarks * Exposure limits for dust is given with regard to exposure to dust from mechanical work on the product.

Respiration protection Use a dust mask, filter P2, when doing mechanical work on the product.

Eye protection Use safety glasses when doing mechanical work on the product.

Hand protection Use protective gloves when doing mechanical work on the product to avoid skin contact.

9. PHYSICAL AND CHEMICAL PROPERTIES

Additional information The product is a solid encapsulated in a steel box.

10. STABILITY AND REACTIVITY

Stability Stable under normal conditions.

11. TOXICOLOGICAL INFORMATION

Inhalation	Can cause irritation in the respiratory tract when inhaling dust from mechanical work on the product.
Skin contact	Can defatten the skin if exposed to dust from mechanical work on the product.
Eye contact	Can cause irritation when exposed to dust from mechanical work on the product.
Ingestion	Can cause irritation in mouth and digestive tract when exposed to dust from mechanical work on the product.

12. ECOLOGICAL INFORMATION

Additional information	The product is not classified as dangerous to the environment.
-------------------------------	--

13. DISPOSAL CONSIDERATIONS

General	Product remains that can not be stored for reuse or recycled must be delivered to the nearest terminal for destruction.
Disposal group	EAL-code is to be determined by end user, ex. EAL-code 07 02 08 Other reactionresidues and distillationresidues.

14. TRANSPORT INFORMATION

Additional information	Not dangerous goods with regards to transport regulations.
-------------------------------	--

15. REGULATORY INFORMATION

Ingredients	Respirable dust*, Total dust*
References	Regulations relating to the classification, labelling, etc. of dangerous chemicals. List of treshold limit values (Administrativ norm). ADR/RID.
Additional information	Considered not to be classified as dangerous. The product is a solid encapsulated in a steel box.

16. OTHER INFORMATION

Databladet er utarbeidet med Sensor-chemdoc 7.8c lisensert til: Sensor Chemcontrol AS
